**CALL FOR PAPERS AND POSTERS**

---

You are invited to join fellow wildlife researchers, managers, educators, students, and administrators from across Alaska for the Joint Meeting of the Alaska Chapter of the Wildlife Society and the Northwest Section of The Wildlife Society. Please consider submitting an abstract for poster or oral presentation. Abstracts should focus on wildlife ecology, management, conservation, education, or policy.

Presentations from completed studies or significant results from ongoing work will be given highest priority. Acceptance of presentations of work in progress will depend on abstract quality and program space. Presentations and posters will be accepted based on technical merit and contribution to our knowledge of species, populations, communities, ecological processes, management practices, conservation initiatives, education models, or policy issues. However, meeting time and space is a limiting factor and we may not be able to accept all submissions.

Abstracts submitted should contain:

- 1. Title:** The title should clearly describe what you will present. Do not abbreviate place names (i.e. state) in the title.
- 2. Author(s) and Author(s) affiliation:**
- 3. Abstract:** Abstracts (**250 words maximum**) should include a statement of objectives, a brief description of methods, principal results, and conclusions or management recommendations. Do not include literature citations.

An e-mail will be sent confirming your abstract was received and saved. In addition to submitting an abstract, **presenters are still required to register for the meeting.**

For any program-related questions, please contact Nathan Svoboda ([nathan.svoboda@alaska.gov](mailto:nathan.svoboda@alaska.gov)) or Scott Brainerd ([scott.brainerd@alaska.gov](mailto:scott.brainerd@alaska.gov))
